

The 2010 Arctic Circle Options

While the heat of the summer certainly has its drawbacks, one of the great benefits it brings is lower prices and better access for golf. To help you take advantage of the traditionally slower months of June through September, we are again offering our “Arctic Circle” of summer golf options, with choices that include unlimited play seven days a week to an inexpensive pay-as-you-go program.

We’ve also introduced spousal privileges to the 2010 passes, which make the Arctic Circle a great way to complement your Flex Pass selection. If you have any questions about the Arctic pass, simply go to our website at www.TrilogyGolfClub.com/Vistancia or visit the Golf Shop anytime. Arctic Passes will go on sale in mid-May.
